Thank you to all our sponsors whose contributions enable the Kempsey Show Society to continue to run our annual Agricultural Show. Without your generosity, these wonderful events simply would not be possible.

Welcome to the 2024 Kempsey Show.....

The Kempsey Show Society committee members and our invaluable volunteers have been working tirelessly over the past 12 months to put together the 141st Kempsey Show. We hope everyone has a great time and enjoy what we have on offer.

SHOW AND FIELD DAYS

Compliance with National Livestock Identification System (NLIS)

All Cattle moved to a show or field day must be identified with an NLIS device before leaving their property.

The owner or person in charge of the cattle is responsible for recording the movement of their cattle to the showground and back to their property of origin.

This information is to be on the NVD (National Vendor Declaration) and the Johne's Health Declaration form.

PLEASE NOTE:

All cattle must be identified with a NILS device

A Transported Stock Statement (TSS) must accompany the cattle both on the forward and return journey.

A TSS can be either a combined NVD/TSS or TSS (available from Kempsey Rural Lands Board Office).

Each exhibitor's cattle will be scanned with a portable scanner (it will be necessary for the exhibitor or his/her nominated representative to be on hand at the time of scanning to validate ownership and that the number of cattle scanned is correct.

The tail tag number (PIC) of the property of origin must be made available at the time of scanning.

The show Society will notify the database of the movement.

History

SRH Milk Haulage is the trading name of S & R Harvey Pty Ltd. SRH Milk Haulage commenced operations in October 1996 with one truck and tanker, providing bulk milk cartage to Dairy Farmers production plant at Hexham, NSW. With the acquisition of subsequent contracts SRH now provides daily bulk milk cartage from farms around New South Wales, Western Australia and Victoria.

Equipment

SRH Milk Haulage operates 57 Prime Movers and 90 tankers. The Prime movers are on three-year replacement plan and also are under contract maintenance plans so this means there is less chance of break downs and also the latest technology in prime movers. SRH fleet consists of Volvo, Mack & Scania. SRH Milk Haulage tankers consist of both Tieman and Byford tankers. SRH runs both front free real and also rear boot pumping gear. SRH Milk Haulage does servicing and repairs on tankers in house at their workshop at Rutherford.

Accreditations

SRH Milk Haulage is accredited in many national accreditations which improves safety with the frequency of auditing. SRH is accredited with Truck Safe Australia, National Vehicle Accreditation Scheme Mass and Maintenance, Basic Fatigue Management, Western Australian Heavy Vehicle Accreditation (WAHVA) and also Food Safe NSW, WA and VIC.
